Texas Emigration and Land Company! 320 Acres of Land for \$20-160 Acres of Lund for \$10.

The Texas Emigration and Land Company having derived their Grant from the late Republic of Texas, by contracts made with the President thereol, under authority of the special acts of Congress, approved 4th February, 1841, and 16th January, 1843, granting lands to Emigrants, will continue to give 120 acres of land to families, and 160 acres of land to single men over 17 years of age, until the 1st day of July, 1848, conditioned, that the family shall pay \$30, and the single man \$10, for the surveying fees. A family, as defined in our Contracts, must consist of—

"A man and his wife, with or wilhout children.

veying fees. A family, as defined in our Contracts, must consist of—

"A man and his wife, with or without children."

"A widower with two or more children; if males under 17 years of age, if females, unnarried."

"A widow with two or more children; if males under 17 years of age, if females, unnarried."

"Two single men over the age of seventeen years, each one being entitled to 160 acres."

On his arrival in the Colony, the Emigrants should forthwith apply to the Agent of the Company, Mr. Henry O. Hedgooxe, residing at Stewartsville, in Punton cnunty, who will at all times be ready to assist him in the selection of his land, and enter the same on books kept for that purpose, and give him a certificate therefor; which certificate will be evidence of his having settled in the Colony in due time.

Our Grant lies in the North-Eastern part of Texas, between the 2nd and 34th degrees of Latitude North, and 10th and 12nd degrees of Longitude West, from Washington; beginning on the south side of Red River, at a point 12 miles east of the False Ouachitta, running thence due South 100 miles, thence East 161 unites, thence North 100 miles, thence East 161 unites, thence North 100 miles, thence East 161 unites, thence North 100 miles, thence East of the page and Trinity Rivers, the Trinity being navigable for Steam Boats of light draught, from the interior of the Colony to the Gulf of Mexico, into which it empties, some 25 miles from Galveston, and Red River, to the Mississippi, affording an outlet for the surplus productions of the country. This portion of Texas is peculiarly adapted to the growth of wheat, experience within the last two years having tested the fact, that it will produce 40 bushels to the acre, weighling 55 to 50 pounds to the bushel. Indian corn, rye, barley, oats, sweet and Irish potatoes, peas, beans, melons, garden vegetables of all kinds, cotton, hemp and tobacco, and the celebrated muskeet grass which covers the prairies and upon which cattle subsist, and keep fat during the winter, and require ont

great numbers.

The planting season commences in February and continues The planting season commences in February and continues until July.

Colonel William Myers, who removed there from Garrard Cnunty, Ky., last fall, says, in a letter dated 8th May, 1847.—

"I will not venture to tell my friends in Kentucky that the land here was better than the best land in Kentucky, because they would not believe it; but now I assert it, for the soil is deeper, being in many places five feet, and the kindest land to work I ever put a plough in. I verily believe that around the forks of the Trinity, lies the largest body of first-rate land in America."

Let no Emigrant loose sight of the important fact, that our contracts with the Government of Texas expire on the 1st day of July, 1848, and that he must not only be in the Colony, but that he must have selected his land, built a house or cabin thereon, and he residing therein with his family by that day;—one day after that date, and the opportunity of setting lands for nothing is, perhaps, lost for ever. Persuas desiring additional information, by addressing the undersigned Trustees or either of them, post paid, shall receive prompt attention.

Prospectus of the Christian Mirror.

This paper will be devoted to the discovery, illustration, and defence of truth—to the advocacy of whatsoever things are pure, lovely, and of good report. So far as it may be deemed expedient to give it a local character, it will aim more especially, to promote the interests of Apostolic Christianity in Kentucky. But a brief outline of its intended course, can be here sketched.

1. A candid and thorough examination of the questions involved in Church Organization and Co-operation, will be attempted. The Bible Society question will be considered. Much investigation of these subjects is yet demanded. Let no one deprecate discussion. In the midst of society in rapid progress, it is unavoidable, and is to be invited, rather than repelled. It is not discussion that is dreaded, but those angry personalities, into which, even religious discussions too often descend. Nothing of these last, shall ever have a place on the pages of the Mirror. In general, nothing that can be personally offensive to any one, will be admitted, unless the defence of the community against imposture, shall urgently demand it.

11. To furnish entertaining and instructive reading for the younger members of churches, being nnt the least important aim of our paper, we shall attempt, for their advantage especially, a brief exposition of the elementary principles, and ultimate aims of the Reformation.

111. The subject of Education in general and of Female Education in particular, will receive such attention as we may be able to give. Ilinits, as to the best mode of instructing a family Prospectus of the Christian Mirror.

ucation in particular, will receive such attention as we may be able to give. Illust, as to the best mode of instructing a family linthe Sacred Scriptures, will be offered.

IV. Condensed reports from Churches and Evangelists, reports of State, Annual, and Co-operation meetings will be published; and any advertisement required by the common inter-

ests of the churches.

V. We shall endeavor to record in a few lines, the principal religious events of the times

VI. But especially, and above all things else, we shall invite our beloved brotherhood forward and upward to the higher grounds of godliness, brotherly kindness, and charity. It is mainly from a desire to accomplish something in this respect, that this prospectus is submitted to the public. The field we purpose cultivating, is not oscupied fully by our writers, nor has it been. We shall, If possible, make the Mirror equal to our times, both in its mechanical and literary features, and yet, we shall aim to be useful rather than shining. Gladly will we forego the honor of being thought a philosopher—an accomplished essayist—a profound expositor, if we may but successfully invite the thousands of young professors away from the vanities of earth, to the enjoyment of the grace of Christ, the love of God, and the communion of the Holy Spirit. And whether we reason or discuss; reprove or rebuke; exhort or entreat; we intend that the paper shall, in some good degree, reflect the excellency of the knowledge of Jesus Christour Lord.

Those to whom this prospectus shall be sent, are respectfully requested to interest themselves in behalf of our project. Should it succeed, the proceeds will shortly be appropriated to the benefit of a charitable institution, that every friend of the female orphan—that every philanthropist must approve. If our proposition is efficiently seconded, we shall be pleased, if not, we shall neither be offended, mortified, or injured.

TEKMS—The Christian Mirror will be a monthly pamphlet of ests of the churches.

Mr. PATTERSON accompanied his amendment by some spirited remarks, setting forth its merits. He asked the appropriation in good faith, believing it would redound greatly to the interest of the State. A similar appropriation had been made this morning to the Bardstown and Glasgow road in the way of dividends; this road was of equal importance to the other, and as it was the first appropriation he had ever asked, and as his term was about expiring, and as he had no assurance that he should be returned, he wished to show his constituents that he had not

Mr. BOWLING said he was aware of the opprobium attached to the opposition to this measure. He was far from meddling with matters of an entirely local character, and confined to particular counties; but this question was not entirely local; it affected other counties than Christian. of gratitude that were excited in his bosom by this manifestation of regard on the part of his countrymen. He was sure he had done no more than his duty, and no more than would have been done by any patriot who might be placed in similar circumstances. The valor of our troops, said the gallant General, had, under the favor of Providence, crowned his efforts with success; but not to the extent he had hoped for and most ardently desired. The object nearest to his heart had been to bring the war to a speedy termination-to restore peace and amity between two neighboring republics, who had every motive to cultivate mutual good-will, and whom he would much prefer to see vying with each other in the arts of peace, than contending on the field of hattle. He had always hoped and believed that by that spirit of forbearance and magnanimity which a great and powerful nation should always practice towards a feeble and prostrate enemy, peace might be restored on terms consistent with the honor, the rights, and the interests of both nations. In this, however, he had been disappointed. He regretted that circumstances, to which he would not then advert, had deprived him of an opportunity of contributing more towards the accomplishment of this desirable result. This was not an occasion to utter complaints; he had submitted, and would submit. without much complaining; perhaps he had already said more than was prudent.

How grandly does not all this contrast with the ferocious war-cries; the slogans of plunder and slaughter, with which the ban-dogs of universal conquest would urge on the American people to the subjugation of Mexico! Is it not a glory greater even than the glory of Buena Vista! Does not all this utterrance of a great, but merciful-a heroic, yet just, honorable, patriotic and Christian spirit, and bands of lawless Mexicans. I will state, sir, that the reational power of this House to call for that information. I believe it is the first time of the History of this Union, that it has been denied. In the case to which the President refers, when a call was made upon President Washington, there was, (which the which the President refers, when a call was made message omits to state,) an exception for cases which he might think it not proper to be inquired into at

"Now, sir, the President has not added what was the action of the House upon that, and the action of the House was in direct opposition to the resistance of President Washington to their call. The House formally declared-and I wish the Journal might be looked to see-the House formally declared, against President Washington, their right to call for such information. That was their action; and, as far as I know, although the very memory of Washington, by every body in this country, at this time, (and by none more than myself,) is reverenced next to worship-the President was wrong in that particular instance, and went too far to deny the power of the House; and as to his reasons, I never thought they were sufficient in that case. And I have always been of the opinion, and most assuredly that has been the opinion of the Democratic party, to which I do not profess to belong. [A laugh.] They have unanimously disapproved of that act of President Washington, as interfering with the rights of this House, and of their constituents, the people of the United States.

"I say I cannot enter into an argument upon this subject; but I consider it of such importance that I am certainly indisposed to lay this message upon the table. I desire it may be printed, that it may go to the whole country, that it may be decided upon by the people as well as by the House. I think this House ought to sustain, in the strongest manner, their right to call for information upon questions in which war and peace are concerned. They ought to maintain their right, and maintain it in a very distinct manner, against this assertion on the part of the President of the United States. > THE WILDERNESS OF TAMAULIPAS .- The territobetween the Nueces and Rio Grande (or Del Norte) is still the same "stupendous desert" as when proclaimed by Mr. C. J. Ingersoll to be a neutral ground which neither the United States nor Mexico would ever attempt to appropriate until moved and instigated by the Spirit of Evil.

> The American Flag (published at Matamoros) contains, under date of the 3d of January, a draught of a memorial to the Senate and House of Representatives, of the State of Texas from the few persons who have settled on the Rio Grande, from which we extract the following statement:

"From the settlements on the Rio Grande to the ounty seat at Corpus Christi, it is full five days' journey, through a wilderness country, almost destitute of water, NOT A HABITATION IN THE WHOLE DISTANCE. and dangerous to travellers on account of the Indians ding on the Rio Grande border of the county are cited to appear at Corpus Christi, it takes at least two weeks to comply with the citation, besides subjecting them to the difficulties and dangers of the road.'

The Common School System of the State of New York continues to operate successfully. On the 1st of July last, according to the Report of the Superintendent of Common Schools, there was 11,052 school districts, duly organized, in the State-8.241 whole districts, and 5.565 parts of joint districts. The whole number of scholars in attendance during the present winter, in 7,085 districts, from which full reports have been obtained, was 270,119. It is estimated that the Common School expenditures during the year 1848 will amount to \$1,325,000about the same as last year.

The bill to abolish the militia system, and to revise and permanently establish common schools, introduced by DR. PRICE, is the special order for today at 12 o'clock.

DEMOCRATIC NATIONAL CONVENTION .- The caucus of the Democratic members of Congress, held at Washington city, on the evening of the 24th ult., passed a resolution to hold a National Convention, for the purpose of nominating candidates for President and Vice President, on the 4th Monday of May next, at Baltimore. An effort was made to postpone the day until the 4th day of July, and also, to make Cincinnati the place of meeting, both of which were unsuccessful. Gen. Sam Houston, of Texas, presided at the meeting.

Candles! Candles!! 10 BOXES Sperm; 12 boxes Star Candles; 12 boxes Franck's best Mould Candles; just received and for sale by [Jan. 25, 1848.] TODD & CRITTENDEN. Is an invaluable remedy for Epileptic Fits, or Falling Sickness, Convulsions, Spasms, &c.

It is well known, that from time immemorial, Physicians have pronounced Epileptic Fits incurable. It has battled all their skill, and the boasty drower of all medicine, and consequently thousands have suffered through a miserable existence, and at last yielded up their lives on the after of insanity. Physicians of every age have pronounced this disease incurable. The proprietors of the Vegetable Extract, however, feel no delicacy in saying, tast it can be curred. They would, therefore, respectfully invite Physicians and all others who are interested, to examine the testimony which is here offered. If it is deception, let it be exposed; but if it is true, then in the name of humanity, no longer let it be said that kintepsy is incurable.

HARTY VEGETABLE EXTRACT.

For exiteer years, has been tested by many persons who have suffered with this dreadful dreease, and in every case where it has had a fair trial, has effected a permanent cure.

Col. Dension, of Voukers. New York, states that his daughter has been sifficted with Fits for more than 9 years, and has been cured by the use of the Vegetable Extract.

Mrs. J. Bradley. 115. Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to pifect health after every other means had failed) by the use of the Vegetable Extract.

to priect healts, after every other means had failed) by the use of the Vesetable Extract.

In Charles A. Brown, of Dover, Russell co.. Alabama, who is one of the best Physiciaus in the State, says that he has been much benefited by the use of the Vegetable Extract, and that he unhesitatingly prescribes it in every case of Epilejesy which comes under his knowledge.

Curtis G. Mayberry, Esq., formerly Postmaster at Lime Mills.

Crawford co., Pa., now living in Eric co., Pa., states that for many years past he has been sorely afficied with Fits, and he is now happy to state that by a persevering use of Dr. Hart's Vegetable Latract for a few months, has restored him to sound neath, leng entirely freed from that worst of all diseases.

FITS OF 27 VEAUS AND SIX MONTHS CURED BY THE USE OF THIS TRULY WONDERFUL MEDICINE!

Read the following remarkable case of the son of William Secone. E.g., of Philadelphia, afficied with Epileptic Fits 2 years and 6 months. After travelling through England, Scotland, Germany and France, consulting the most eminent Physicians, and expending for Medicine, medical treatment and advice, three thousand dolfars, reterred with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HAET'S VEGETABLE EXTRACT.

Mr. Wm. Spork's Letter to Bottors I vans & Hart.—I have spent over three thousand dollars for Medicine and Medical attendance. I was advised to take a tour to Europe, which I did. I first vested Encland. I consulted the most enment Physicians there in respect to his case. They examined him and prescribed accordingly. I remained there three anoths without receiving any change for the letter, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most I received was their opinion that my son's case was hopeless, and positively incurable. I accordingly left England, and traveled through Scotland, Germany and France, and returned home in the month of November last, with my son as far from being cured as when Heft. I saw your advertisement in one of the New York papers, and coulded to try Hart's Vegetable Extract, seeing your chatements and certificates of so many cures, some of twenty and triary wears' standing, and can assure you I am not sorry! ers, and coorluded to try Hart's kegetable EM'iact, seeing your etatements and certificates of so many cures, come of twenty and thirty years' standing, and can assure you I am not sorry I cid so, as he the use of Hart's Vegetable EMiract atone, he was restored to perfect health. His reason, which was so far gone as to ut fit I ma for business, is entirely restored, with the prospect now before him, of 1 he, health and usefulness. He is now 2e years or age, and 27 years and 6 months of this time has been afflicted with this most dread. I of diseases; but thank God, he is now enjoying good health.

Dear Ser:—It is with no small degree of pleasure that I am enabled to amounce to you the complete triumph of your involutionable medicine in cases of Epileteys. I have prescribed it in four instances of this vicinity, and it has been highly successful in all. Three of the patients, I trust, have been radically cured. The tourt' one is rapidly improving, and will, I think swithout doubt recover. I am not in the abit of prescribing or accommending Patent Medicines, but when I see an article which promises so much for the relief of suffering humanity, I feel it my duty to recommend it; and I have no hesitation in saying, that as soon as the Facchy are fully acquainted with the real-serie of your medicine, they will close their eves against prejudice and lend you a helping hand.

LIFE INSURANCE.

NAUTILUS (MUTUAL LIFE) INSURANCE COMPA-NY, No. 29, WALL STREET, NEW YORK.

NY, No. 29, WALL STREET, NEW YORK.

This Company, which confines its business exclusively to Life Insurance, has now been in operation two years and a half, during which period it has issued 15.3 policies, and for the first eighteen months it experienced no loss. Its losses for the whole time have been less than \$18.060-leaving an accumulation of about \$55.060 on hand, beyond the payment of claims and expenses. This, added to the original guaranty capital of \$50.060, places the security of the Company on a basis so solid as no longer to admit of a ratioual doubt.

All its profits accure to the credit of the dealers, and are divided annually among them, whether the policy be issued for a limited period or for the whole term of life, a feature unknown in the charter of any other Mutual Life Insurance Company incorporated by this State.

KENTUCKY MILITARY INSTITUTE.

This Institution, created by an Act of the General Assembly, will be opened for the reception of Pupils,
On the 1st of March, 1847, under the immediate direction and entire control of a

Board of Visitors,

Appointed by the Executive of the Commonwealth.

It contemplates a Military Organization for Literary and Scientific purposes; an education eminently scientific and practical; the formation of regular habits, and the diffusion of a knowledge of Military Science.

Military duties will not be permitted to Interfere with the pupit's progress in study, but will rather take the place of his unprofitable, and often, vicious play.

The course of study adopted, and which will be required in order to graduation, is that usually taught in the best Colleges, except that but one language is required. (Latin or French.) the time usually occupied by the second, being devoted to a more extended course in Mathematics, Natural Science and English Literature.

A Preparatory Department is organized in connection with the

A Preparatory Department is organized in connection with the Institute, in which boys of any age are taken, and are subjected to the same Military discipline as the Cadlets.

The position of the Institute, at the Franklin Springs, near Frankfort, Kentucky, (recently occupied by the Franklin Institute,) is admirably adapted in every respect to Academical pur poses; the locality being airy and healthy, the mineral waters salubrions, the buildings elegant, extensive and commodious, and entirely apart from the contamination and multiplied matical influences, which seem inseparable from a city or village residence. The Institution is placed under the charge of Col. R. T. P. ALLEN, as Sterrantendent, who has been brought prominently before the public, as a competent and successful teacher and governor of youth, by his homorable graduation at the United States Military Academy; his subsequent connection with the Army, and with the Engineering Service of the General Government, as Superintendent of public works; by his long experience as an Instructor, by his recent connection with the Transylvania University.

The Academic Year will be divided into two Sessions

of twenty one weeks cach.

The first commencing on the 1st Monday in October, and the second on the 1st Monday in March. The only vacation occupying the months of August and September.

The month of July will be spent in an excursion torough the State, for the better study of its Geology and of Natural Science generally.

generally.

Applicants for admission, on paying the charge of the Institute, and presenting a certificate of good moral character, will be admitted into the classes as their advancement may justify, and upon satisfactorily passing the next examination thereafter, will be entitled to a warrant of appointment, as Cadet, from the Governor. The uniform of the tradets is plan and neat, and heing of Kentucky Jeans, will greatly reduce the expense of their clothing.

and President of the Board. Franklin county, Ky., October 26 1847-74611 Dr. Penney's Ague Pills.

In presenting the public with this remedy for the most troublesome of Western diseases, I am not unapprized of the opposition that it will at first meet; for the community has suffered much by the impositions and frauds practiced by the getters up and venders of patent nostrums, specific remedies, and medicines professing to cure all diseases. So much have the people suffered from such infractions on their credulity, that it would seem foolish in any one, at this day, to introduce a specific for any Disease; but I do it, and do it too, sanguine of success. Having had ample opportunity to test the efficacy of the Agne Pills now presented to the public, I do assure it, that they have never failed to cure in one solitary case where the directions were strictly observed.

They seem equally as well adapted to Agnes of long standing as more recent ones. I could adduce a great many certificates in support of what has been said above, as regards their success but that would swell, unnecessarily, this publication. A few re spectable witnesses are worth a host that are otherwise. See what Dr. John McRoberts, Druggist and Physician in Lawrence burg, Kentucky, says, whose acquaintance with the Ague Pills is better than that of any other person.

LAWRENCEBURG, Ky., Oct. 1817. This is to certify, that I have been selling Penney's Ague Pills as local Agent for this place since some time last spri every solitary instance that has come to my kno have succeeded in curing the Chills and Fevers. I heartly r commend them to the public, as a remedy every way worthy confidence. JOHN MCROBERTS. Camben, Anderson County, Ky., Oct. 1847.

This is to certify, that I have been acting as Dr. J. E. Penney'

local Agent at this place, in selling his Agne Pills; and in n case have they failed to cure, where the directions have been for lowed EllJAH ORR. SALT RIVER, ANDERSON COUNTY, Ky., Oct. 1817. This is to certify, that my grand daughter was afflicted with Chills and Fevers last spring. I procured one box of Penney's Ague Pills, and gave them by the directions; she was promptly and effectually cured. Some of my neighbors have used them DAVID EGBERT.

DAVID EGBERT ANDERSON COUNTY, Ky., Oct. 1847. ANDERSON COUNTY, RESTORATION OF THIS is to certify, that last spring my wife and self were both severely afflicted with Chills and Fevers. I procured two boxes of Dr. Penney's Ague Pills; we took them by the directions, and neither one of us had another Chill after we commenced their use. Some of my neighbors have also used them, and, so far as my knowledge extends, with complete success.

JAMES EGBERT.

This is to certify, that I had a gentleman in my employ wh had been for some time afflicted with Chills and Fevers. It procured and used one and a half boxes of Dr. Penney's Agu Pills, which effectually cured him. Given under my hand, &c.

Any person taking two of the boxes by the directions, and not being cured of the Ague, my Agents are authorized to refund bis money; but in no case will the money be refunded, unless the Agent is satisfied that the directions have been strictly followed, and at least two of the boxes taken. One box will cure five out of six cases
